Whose leadership would you like to model and why?

How many of you consider yourself an effective leader?

Are you willing to do something different to become an even more effective leader?

Do you actively seek opportunities to enhance your leadership skills?

# What is transformational leadership?

- Transform - to change in condition, nature or character; convert
- Leader - ability to lead, guide or influence effectively

# What's Transformational about it?

- When you get better → You raise the bar for everyone around you!
- When you trust → You become more trustworthy!
- When you become self-aware & vulnerable → You create an environment of others feeling comfortable asking for help instead of forging ahead hoping they get it right.

What's your greatest asset as a leader?

Any leader's SUPER POWER!

Do you take time to encourage/empower each *individual* on your team and the *group* as a whole?

# The many C's of leadership:

Connecting

Communicating

Conferring

Confidence

Character

Conviction

Consistency

Commitment

Clarifying

Cultivating

# Courage

A Transformational leader maintains a positive attitude and shows courage even when they mess up!

- Acknowledge, do not dwell on a mistake.
- Allowing your team see you make a mistake will breed an environment of trust and innovation.
- And then...Move on.

You're setting the example for your team to follow!

# The final C is CHALLENGE!

I challenge you today to move out of your Comfort zone and become a leader that transforms yourself and, as a result, your department and quite possibly your entire organization.

Challenge accepted?

YES

or

NO
